Perspectives on Potential Impacts of the Proposed Phase II MS4 General Permit Remand Rule

Tuesday, January 19  
1:00 pm – 2:30 pm EST  
Cost: $0

The proposed Phase II Municipal Separate Storm Sewer System (MS4) permit remand rule was published in the Federal Register on Wednesday, January 6, 2016. A 75-day public comment period begins with this publication and will conclude on March 21, 2016. Read the official rule.

Join WEF for the webcast, "Perspectives on Potential Impacts of the Proposed Phase II MS4 General Permit Remand Rule."

The webcast will address the rule, as well as its potential impacts to communities throughout the U.S., and help increase the knowledge base of the regulated community and public. Experts regarding the rule will be available to discuss details of the proposed rule and address participant questions and concerns.

Enabling the Water Resources Utility of the Future Webinar Series

A New Look at Wastewater:  
A Valued Resource  
January 21  
3:00 pm – 4:30 pm EST  
Cost: $0

Join WEF, the National Association of Clean Water Agencies, the Water Environment Research Foundation, WateReuse, and the U.S. Environmental Protection Agency in the first of a series of webinars focused on innovative ways in which utilities are becoming their own "utility of the future" through resource recovery.

Future webinars will cover other leading topics like building public support and workforce development.
